i-DAT:

* An Open Research Lab for playful experimentation with creative technology:

> i-DAT is a vertex in an international network of researchers and practitioners and host to a community of PhD students and artists.

Plymouth Arts Centre & i-DAT Collaboration.

👤 adelmootranto   📁 Projects

📅 15/03/2008   🏷 Residency, S-OS

A new series of projects and residencies that have been developed through an ongoing collaboration exploring new systems and technologies for artistic production, dissemination and participation that challenge traditional models of creation and consumption of art. Artists and Curator; Stanza (UK) 8 February – 6 April, Cadu (Brazil) 11 January – 11 March and Basak Senova (Turkey) 19 January – 9 February, will be residence spending time at both organisations exploring new work to create a series of new commissions and a seminar. i-DAT refer to the prominence of online social networks to create a series of creative interventions and works S-OS: Social Operating System for Plymouth in the galleries at Plymouth Arts Centre from the 8 February – 6 April.
